

Lollipop

You don't explain to me
why I'm the main target on your killing spree
All that I see is
I'm the underdog, this is sodomi

Everything is alright
when we
are too tired to fight
Pour up your single malt
so that you
turn off early tonight

Still you bring me to your yard
(your candy shop)
I guess you need your time to charge
(your lollipop)
You'll find me waiting right here
(I can't stop)
No I will never give you up
(You'll fuck me up)

You won't confess to me
I'm not the pretty nurse of your fantasy
All that you see
you are Homer I'm a reader of your odyssey
I'm prepared to be Penelope

Still you bring me to your yard
(your candy shop)
I guess you need your time to charge
(your lollipop)
You'll find me waiting right here
(I can't stop)
No I will never give you up
(You'll fuck me up)
